

Product: Towel Rail Element

Codes: TR11, TR13, TR14, TR15, TR27-6

Product Overview:

Tesla UK offer a range of electric heating elements designed to be fitted into towel rail radiators. These can be used in a “wet” installation where the radiator is connected to the central heating system, or for electric only use.

If the heater is fitted in a wet installation the user should take care to ensure that the heater is not used when the central heating is on.

Features & Benefits:

IP64 rated

Integrated thermostat to maintain water temperature between 60 and 65°C

Additional chrome cap in the box

CE Marked

BEAB approved

Suitable for:

Electric only towel rail

Dual fuel/wet system

Specification:

Part Code	Power	Element Length
TR11	150W	280mm
TR13	250W	325mm
TR14	300W	410mm
TR15	400W	380mm
TR27-6	600W	680mm
